## BEATEN AND ROBBED BY TWO WOMEN

### DRAYMAN ACCOSTED BY NEGRESSES, WHO SECURE HIS MONEY

#### Herman Drucker Falls a Victim to Daring Female Thugs, Who Obtain His \$55.

Upon being accosted by two negroes on Second street, between Franklin and Webster streets, about 8:15 o'clock last night, Herman Drucker, a local drayman, residing at 1529 Twenty-third avenue, was held up, assaulted and robbed by the women.

The women extracted \$55 from Drucker's pocket and then made their escape. The police were notified of the theft, and they believe that the women footpads are the same persons who have been robbing white men on the streets of Oakland in the past few months and eluding capture by the authorities.

**ON WAY HOME.**  
Drucker was on his way home when he met the two colored women. They approached him and one of them grabbed him around the neck. Drucker was so taken by surprise that for a moment he could not resist the attack on him, and before he made an attempt to remonstrate, his purse was removed from his pocket. The women then ran down the street and made their escape.

**SALOON IS ROBBED.**  
Breaking open a skylight in the roof of the building occupied by Drucker's saloon at Eleventh and Franklin streets, a burglar or burglars gained entrance to the place last night and robbed it of considerable money and champagne. The top of the skylight was torn off and the

thief or thieves dropped into the saloon. Exit was made through the front door.

Brannan reported the burglary to the police this morning, and stated that several of his nickel-in-the-slot machines had been broken open and robbed. The marauder or marauders also stole a sum of money from a private drawer, which Brannan declares was a secret hiding-place and known only to those familiar with the saloon.

**STABLE IS ROBBED.**  
Two English, silver-trimmed bridles were stolen last night from the stable in the rear of the home of Tyler Henshaw at 122 Lake street. The thief broke open the lock on the door and gained entrance to the stable in this way.

**HAVE NO CLEW.**  
The police have been unable to obtain a clue as to the identity of the safe-openers who operated Sunday night in the Macdonough building. The thieves attempted to enter several other offices than those in which they looted the safes, marks of the jimmy they used being found on the doors. The burglars succeeded in getting into the offices of R. M. Burgess and H. C. Morris, the West Coast Life Insurance Company, and Hazleton and Company's offices, but nothing was stolen. The thieves failed to enter the office of Dr. Irwin, and as a result did not obtain over \$200 which he had left there.

### BOTH HOUSES SETTLE DOWN TO HARD WORK

#### Senate Disposes of 54 Measures at the Morning Session—Lower Branch Passes 47 Bills.

Special to THE TRIBUNE.

SACRAMENTO, Jan. 29.—Both houses have at length settled down to business, and the manner in which the members are addressing themselves to the work before them is worthy of admiration. Before noon yesterday the senate under the lightning method of presiding peculiar to Senator Leavitt of Oakland when in the chair, had disposed of the fifty-four measures which were on the general file.

The house passed the entire day in disposing of forty-seven bills, but that was because a great deal of discussion was indulged in on some of the measures.

**EXPENSES OR MILEAGE.**

There was another skirmish over the question as to whether the several committees having charge of the various public institutions throughout the State which are to visit these concerns, are to be paid only the actual expenses incurred by them in their visit, or whether they will also be paid mileage at the rate of ten cents a mile each way.

Those who favored paying only the actual expenses of the visitors won last Friday when the matter came to a vote, but Frattessa of San Francisco, who had voted in the negative, when he saw that his side was about to lose, changed his vote to "nay" and gave no-

tice that on the next legislative day he would move for a re-consideration of the vote. That motion should have been made on last Saturday, but neither side seemed anxious to bring the subject up, because the attendance was not encouraging to either side.

There was a slight attempt to make it appear that Frattessa had lost his right to move to reconsider, but it was not fought with much vigor.

**FRATTESSA'S MOVE.**

Frattessa again gave notice of his desire to reconsider and the matter was continued for a day.

At this juncture Thompson, the father of the resolution providing for traveling expenses only, moved to lay Frattessa's motion on the table, but this was lost by a vote of 42 to 30.

This vote was not reassuring for the men who style themselves economists, and as a consequence they have since been striving to marshal their forces for the next assault. Assemblymen Eshelman, Hans, Otis, Stetson and Stronbridge of the Alameda county delegation, voted in the affirmative.

**INTENSITY OF FEELING.**

Intense interest was displayed by both sides, especially when Coghill of San Francisco took Thompson of Los Angeles to task for moving to table Frattessa's motion.

An interested spectator in court yesterday afternoon at the Thaw trial was Jack Barrymore, the actor. He came to the court room with Detective Flood of the district attorney's office and in a certain contingency he will be a witness for the prosecution. Barrymore was acquainted with Evelyn Nesbit when Stanford White made her acquaintance, and is familiar with the circumstances under which the architect came to know her. Should any attempt be made on the part of the defense to introduce testimony regarding White's acquaintance with Evelyn Nesbit that would tend to blacken the late architect's memory, it is believed that the actor will be put on the stand in rebuttal.

### J. D. SPRECKELS A WITNESS IN CASE

**CORROBORATES TESTI-  
MONY GIVEN BY HAR-  
RIMAN; COMMISSION  
MAKING A STRICT IN-  
VESTIGATION IN CASE.**

SAN FRANCISCO, Jan. 29.—When the inquiry into the Harriman merger was begun before Interstate Commerce Commissioner Lane today C. A. Severance of St. Paul, the attorney retained by the commission, indicated the purpose of the hearing by saying:

"We are going to investigate the relations of the Southern Pacific and Union Pacific railroads to find out whether there is anything in those relations that violates the interstate commerce law."

A. H. Payson, vice-president of the Santa Fe, was the first witness. He testified that his duties were confined to the acquisition of terminals in this city and had nothing to do with freight or traffic. In answer to Severance's questions he admitted that he was one of the incorporators of the Northwestern Pacific road with a capital stock of \$35,000,000, consisting of the Santa Fe. He said the Santa Fe owns the fifty-mile road from Arcata to Eureka. This was formerly known as the Eel River and Eureka road.

**SPRECKELS CALLED.**

John D. Spreckels, president of the Oceanic Steamship company and former owner of two railway lines in Oregon, was called next. He corroborated the testimony given in New York by E. H. Harriman that the latter had bought for \$1,300,000 coal mines and properties, steamers and

DEATH VALLEY AND  
THE ENTIRE COUNTRY

SAN FRANCISCO, Jan. 29.—W. N. Parker, who arrived today from Goldfield, brought news of a blizzard raging in Death Valley, accompanied by an unprecedented fall of snow. He said:

"There are inches of snow at the bottom of Death Valley, a thing that was never before heard of. I went down into Ely about two weeks ago and could not get out again for five days, even though I had my own team. You simply could not move."

"The whole country was snow-bound. A family of four—I have forgotten their names—left Lida and started across Death Valley for Col-

BERKELEY, Jan. 29.—A meeting of all the sorority girls of the Berkeley High School has been called for this evening to consider the means of opposing the recent resolution of the board directed against secret societies in the public schools.

The meeting place is to be the residence of Miss Elizabeth Stitt, the daughter of Dr. J. W. Stitt. Nearly one hundred girls will be present, and among the sororities which will be represented are the Alpha Sigma, the Alpha Theta Phi, the Phi Epsilon, the Phi Alpha Sigma and the Phi Delta Sigma.

Miss Stitt has for several years been

### SENATE TAKES ACTION ON REPORTS

**RESOLUTION ON JAPA-  
NESE IN SCHOOLS  
PASSED; MINORITY  
COMES IN FOR A  
VERY TAME DEBATE.**

SACRAMENTO, Jan. 29.—The Senate today voted down the minority resolution on the Japanese school question and passed the Senate concurrent substitute resolution reported by the majority.

There was a somewhat tame debate for an hour on the minority resolution, which differs from the majority in that it instructs the Attorney-General to intervene in the suit now in the Federal Court, and to assert the sovereign rights of the State of California as reserved to it by the Constitution of the United States.

The majority resolution "strenuously protests against the unwarranted interference of the constitutional rights of the State," and "requests the Governor and Attorney-General to do all things necessary to protect and save the rights of the State of California."

**MINORITY REPORT.**

The minority report, reads: "Whereas, the President of the United States is attempting to interfere, where the resolution adopted substituted 'Federal Government' for the President."

The expected arraignment of the President did not materialize. The majority resolution was adopted without debate.

The resolution is as follows: "Whereas, the Federal Government is attempting to interfere with the management and control of the public schools of the State of California by demanding the admission of Japanese

## ONE MORE ADDED TO THAW'S JURY

**Attorneys Delmas and  
McPike Are Unable  
to Appear in Court  
Because of Illness.**

NEW YORK, Jan. 29.—When the morning session of the Thaw trial ended today there remained but two vacant seats in the jury box and the impression of those following the case seemed to be that a complete jury might be expected before night.

Out of the eighteen talesmen of the original panel of 200 men who were examined this morning one proved acceptable and took his place as juror No. 10. He is John S. Dennee, a traveling freight agent.

Mr. Dennee is a native of Louisiana, and Thaw seemed especially pleased at having secured a southerner upon the jury.

**SET NEW RECORD.**  
The defendant's attorneys set a new high record for peremptory challenges, bringing this privilege to bear five times in excusing talesmen from service.

The defense has thus far used fifteen of its thirty peremptory challenges, and the State fourteen.

A new panel of 100 talesmen was in court today but it had not been drawn upon.

**COMES TO GRIEF.**  
Samuel Popper, a manufacturing jeweler, went through the regular examination by both sides and finally came to grief against a peremptory challenge exercised by Thaw's lawyers.

Popper was the first man of all upon the big panel to declare that he had neither formed an opinion nor heard one expressed.

Mr. Hartridge again indicated by his questioning of this talesman that there may be more than one excuse offered by Thaw for his killing of Stanford White.

"Would you object to two or more defenses?" asked the prisoner's counsel.

"No," replied the talesman. After a consultation among the defendant's attorneys, the peremptory challenge was issued.

NEW YORK, Jan. 29.—One hundred new talesmen were present this morning when the Thaw trial was resumed. There were three vacant jury chairs when this, the fifth day of the trial began, and there remained about thirty-five names in the original jury panel to be called. "It was agreed that they should be exhausted

## BOOSTERS WILL SEE THAT WE HAVE GOOD STREETS

Committee Holds Enthusiastic Meeting and Takes Up Matters to Boom the City.

Oakland's merchants and business men are certainly waking up. The was proved at the meeting last night of the executive and finance committees of the committee of progress and prosperity. Each member of the committee is working with all that is in him for the benefit and prosperity of this city.

The meeting which was held last night was for the purpose of planning the future work and actions of the different sub-committees.

The first question to be brought up was in regard to the printing of the organization. The motion was passed that all printing relative to the committee be turned over to the committee on printing with power to act in the matter. It was also ordered that 2500 envelopes and 2500 letterheads and 500 copies of the by laws of the organization be printed in the near future.

### PLACE OF MEETING

The question of a place for meeting was then brought to the notice of the members and Prof. W. F. Gibson was appointed to see the committee to attend to that matter.

The recording secretary of the organization will be paid a small salary for a beginning and as his work increases his salary will be raised.

The meetings of the executive committee will be held on the second and fourth Thursdays of each month and the regular committee meetings will be held on the first Thursday of each month.

### THE TELEPHONES

The committee on telephone service reported saying that the management of the telephone company was doing all in its power to render the telephone service of this city perfect. They say that the trouble lies mainly with the subscribers of the company. As across each telephone book it states that all complaints regarding poor service should be sent to the office of the company in writing and they say that not one out of fifty do this. The chairman of the telephone committee was instructed to write to Oakland merchants advising them as to the way for removing the poor service and if this is done we will soon have as good telephone service as could be wished for.

The Tribune's editorial published on Monday January 21 in regard to street improvement was read to the members and received with much approval.

### IMPROVE STREETS

On Wednesday morning January 30 at 10 o'clock a meeting will be held at the Board of Public Works in the city hall in regard to the repair of streets. All the business men and citizens of Oakland are asked to attend. Many of the members of the committee of progress will ask the board what can be done in this matter and what the Boosters' Club can do to assist them. They will let the board understand that they will do all in their power to help them even to the point of raising money themselves for the improvement of Oakland streets.

### LOS ANGELES STREETS

Professor W. F. Gibson in talking of streets and street improvement told the committee that Oakland was not the only city that had bad streets. In Los Angeles he said the streets are fully as bad as the Oakland streets. A friend from Los Angeles told him that he had to wear rubber boots in order to walk to the street cars on some streets of that city.

### THEATRICAL ENTERTAINMENT

It is planned by the committee to give an entertainment at some local theater on some Tuesday evening. It is the near future and to give the proceeds to the street improvement fund.

The theater committee of which Albert G. Rockel is chairman will attend to the hiring of a theater and setting the night for the entertainment.

### SPEECHES IN THEATERS

Chairman Ed N. Webster then arose and addressed the meeting and told them of a novel advertising scheme which he had formulated. He had the permission from the managers of five Oakland theaters to allow a man to speak for ten minutes before the curtain rose or between acts one evening each week and address the audience. In this way Mr. Webster thinks that those addressing the audiences could speak on the advantages of our city and boost generally. This was referred to the theatrical committee to look into.

### RAPID TRANSIT

The committee on rapid transit told of their plans saying that they will endeavor to make the traction company use better street cars some of those now in service being too old and untrustworthy.

### IN REGARD TO CHARTER

Chairman Webster spoke about the urgent need of a new charter for this city. He said that Oakland was now twenty-five years behind the times as regards a charter and the people of this city are now living under a charter made for a population of 5000 inhabitants instead of 250,000. Abe Leach who is attorney for the organization will see what can be done toward the acquisition of a new charter.

### COMMITTEE ON PARKS

In telling of their plans as regards parks the park committee reported that they will put their greatest efforts in trying to have the city convert one of our new parks made into an athletic park. The place of land most adapted for this purpose is that between the Eighth street bridge and the Twelfth street dam. They want a place for baseball for bicycle races if or for all manner of athletics. That any one looking for outdoor recreation could find it in this place. They would like to have it made something like the Stadium in Golden Gate park, San Francisco.

### CITY HALL A JOKE

The city hall is looked upon as a joke more than anything else and the mention of it last evening created a great deal of merriment to the members. G. W. Austin chairman of the city hall committee will do all that can possibly be done to acquire a new city hall.

### HOTELS IN CITY

T. J. Lea chairman of the hotel and accommodations committee told of the great need of this city for hotels and of proper conveniences to meet all wants at the railway stations for the transportation of passengers to up town hotels. Mr. Lea told of a man representing a very wealthy eastern firm who alighted at Sixteenth street depot one night at 12:30. There was no conveyance of any description in sight and no place in which to pass the night so he went to San Francisco and remained there during his visit. Chairman Lea will endeavor to persuade all proprietors of hostels in this city to have conveyances meet all incoming trains.

### ON ADVERTISING

J. C. Arnold advertising manager of the Tribune is the chairman of the advertising committee. He spoke of the urgent need of advertising. He said that Los Angeles was built on printers ink and Oakland could do the same. Mr. Arnold thinks that the committee should have pamphlets printed and distributed to passengers on the trains in the large excursion cities all telling of the many advantages of Oakland. Paul C. Smith then spoke of the annual

## MUST REPORT CAR ACCIDENTS

Street Railroad Companies Must Report to Coroner Fatalities on Lines.

### SPECIAL TO THE TRIBUNE

SACRAMENTO Jan. 22.—The carelessness with which street car companies make known to the officers of the law particulars of accidents on their lines which result in death impelled Assemblyman Johnson of this city to introduce a measure for the purpose of compelling such concerns to report all such happenings when they are attended by a fatality to the coroner of the county in which the accident happens. Speaking on the subject today to the Tribune correspondent Mr. Johnson said:

"While this measure is directed at street railroads it is especially directed against the street-car companies of the State. The street railroad companies are making reports of some kind but that is not the case with some of the street car companies. Look for instance what is done in the accidents on the cars on the streets of San Francisco. This measure is designed with a view of compelling them to give some public satisfaction in cases of this kind."

The bill is as follows:

Sec. 3024. Every railroad corporation shall give within twenty-four hours of its occurrence in writing notice of an accident on its road which results in injury to or loss of life by any human being to the coroner of the county wherein such accident occurred upon blanks to be prepared by said coroner and furnished to said corporation which blanks shall provide for full details of such accident and the cause or causes and of the names of all the employees of such corporation present at such accident or in charge directly or indirectly of the train, car or engine which was used at the time of the accident and such further particulars as such coroner may deem proper to be given him in and by said blanks.

This statute shall apply to corporations owning or managing street railways.

For each omission to give such notice the corporation shall forfeit \$500 to be collected by prosecution in the name of the people by the District Attorney of the proper party and the manager of such corporation shall be guilty of a misdemeanor.

### TO CURE A COLD IN ONE DAY

Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

He had no definite plans yet for the celebration but will try to have it held in May or June.

There were seven new applications for membership before the committee last night as follows: August Gorbart, Fred Johns, Andy Johnson, Joe (Thirteenth) McMillen, of Osgood Brothers, Sam P. Lovett of the San Francisco News Bureau and E. S. Babier of the Model Creamery.

Before the adjournment of the meeting Mr. Lea extended a cordial invitation to all present to come and partake of refreshments at his place of business on Thirteenth street. The members of the committee had a pleasant time around the board and all joined heartily in proclaiming Mr. Lea a jolly good fellow.

Something altogether satisfactory has been evolved in the way of wrapper for wear on trunks and suitcases. This need has been of long standing. Most women travelers have solved it by having a black china silk robe either to slip on over the sleeping gown or to take its place.

Now however there is the innovation mentioned which is a negligee of gloria silk. It is procurable in black and navy blue and may be ordered in any light shade pink blue mauve etc. It is built somewhat on the kimono order with flat facings and a large flowing sleeve. The silk is the most durable of any and folds into no space at all thus making a wrapper unsurpassed for traveling purposes, for which use the dark colors are largely intended while the daintier shades are lovely for lounging robes at home. Across the shoulders are laid shirings which holds in the fullness. Below the yoke the folds fall unconstrained.

Another departure in negligees is the automobile kimono. This is dainty silk dressing sack of three-quarter length fastening with ribbon bows and folding up into a small silk pocket to be carried in one bag. This is designed to slip on when the motorist wishes to remove blouse and freshen up coiffure or take a nap, at stopping places on the route.

The accumulation of tartar on the teeth makes them unsightly and is often the cause of bad breath. If the teeth are properly brushed each day tartar will not have the chance to accumulate but if it has already been allowed to do so it can be removed by a very simple treatment. Moisten the toothbrush in warm water and dip it into magnesia. Rub on the teeth and after three applications the tartar will have entirely disappeared.

Lord Charles Beresford, the famous British naval officer it is said will contest the claim of the negroes who profess to have been the common law wife of his brother, Lord Delaval Beresford, who recently was killed in a railroad accident in Texas.

## MOURN AT BIER OF DEAD MASON

Hundreds of Friends of Late George W. Humphrey Attend Funeral.

Hundreds of friends mourned at the bier of George Wallace Humphrey this afternoon the funeral being held from the Masonic Temple under the auspices of the Scottish Rite Masons of which the decedent was an honored member.

The impressive services were conducted according to the regular Masonic ritual many of the members of the order participating. A eulogy was delivered by Rev. H. B. Mowbray of the First Congregational Church, in which he dwelt upon the honesty and virtue of Mr. Humphrey. Music was rendered by the Masonic quartet. The pallbearers were William Westphal, James B. Dean, William Standeford, Fred J. Lee, Albert Merritt and Eugene E. Van Court. Many floral pieces were sent by friends of the decedent as well as the fraternal orders of which he was a member. The firm of Dean and Humphrey sent a beautiful set piece representing a broken wheel, while the offering of the employees of the same firm was a Rock of Ages' design. The Elks Lodge sent a beautiful heart piece, while the Eastern Star sent a star, all of which were emblematic of the different orders.

The funeral took place at 10 o'clock starting from the home of decedent at 957 Eighth street thence to the Masonic Temple, where the services were held. The remains were cremated.

# YOLO WANTS FARM COLLEGE

Says Agricultural Department of University Should Locate at Davisville

Special to THE TRIBUNE

SACRAMENTO Jan 29.—Time is no longer a luxury for the students of the University of California here endeavoring to convince legislators that it is their duty among other things to vote \$500,000 for the erection of an agricultural building at Davisville. The bill pending before the legislature is for the erection of an agricultural building on the Yolo county farm at Davisville. The bill was introduced by Senator McConnell, of Yolo county, and has been passed by the senate. The bill provides for the erection of a building on the Yolo county farm at Davisville. # TO REGULATE BARBER TRADE

Another Attempt to Control Tonsorial Artists by State Board.

SACRAMENTO Jan 29.—Another attempt is being made to have the trade of barbering conducted in this State under the regulation of a board of examiners who are to be given a variety of powers. A bill with this purpose in view has been introduced into both houses for the appointment of such a board and this fact together with the presence here of John J. Calhoun, who was a member of the similar but defunct board at several sessions ago recalls the manner in which that organization went out of existence. The last days of the old commission revealed the fact that the members of the trade were divided as to whether the business had in any manner been improved by operation of the commission. Some of them said they thought that it might eventually do some good, others that it had done no good at all. It is still said that some of the certain number of members of the commission had a chance to enjoy junkets at the expense of the rest.

WOULD TRY AGAIN  
The bill now in the Legislature declares that it shall be unlawful for any person who is not engaged as a barber at the time of the passage of the bill to engage in the business without having received a certificate of permission for that purpose of the Barber Board of Examiners. This board is to consist of three members appointed by the Governor within thirty days after the passage of the act. These examiners are to be chosen from among the best barbers in this State and shall hold office for one and three years respectively. Vacancies shall be filled from the same class of barbers by the Governor. Examiners shall be paid \$4 a day for actual services and mileage at the rate of ten cents per mile but will not be paid out of the State treasury. Examiners of barbers for certificates will take place three times a year in three different places and not more than one day in each place. Within nine days after passage of this act barbers now employed here must make application to the board. If they have not been engaged in the barber business for six months must be over 18 years of age and must have served an apprenticeship of three years or to have had three years experience in some other State. Barbers must hang their certificates in a conspicuous place where they are at work. Violation of the law is punishable by a fine from \$10 to \$100.

SAYS NOT GUILTY TO BATTERY CHARGE  
A plea of not guilty was entered this morning in District Court by the Police Court by J. P. L. Lowe accused of battery by Mrs. Thomas Wood. The charge was that Lowe had beaten and injured Mrs. Wood and his hearing was set for March 1.

SAY STEP-MOTHER CLAIMS TOO MUCH  
James and Henry Brewer have commenced a contest in the probate department of the Superior Court to restrain their stepmother Mrs. John M. Brewer from carrying out her plan of distributing her former husband's estate. James A. Brewer died at San Jose April 6, 1905, and left a half interest in a ranch at Washington township valued at \$12,000, property interests at Livingston worth \$1500 and personal property valued at \$1000 to his wife. She claims the personal and real property and all the life estate. When she petitioned to have the estate distributed to the sons of the deceased, her stepson objected to their stepmother receiving the personal and real property as her portion of the community property for they claim that their father accumulated it before he married his second wife. She still comes in on one half of the life estate.

January's Sale Closes  
Thursday, 6 p. m.

**H.C. Cahwell Co.**  
1274 AND WASHINGTON STS.  
OAKLAND

Buy a dollar's worth in this store for 90c. Scores of opportunities to make 80c, 70c, 60c and in some cases 50c do a dollar's duty—but not after 6 p. m. Thursday.

# Wind-up of January's Sale

When this sale opened we distinctly stated that new friendships, not added profits, was the prime motive that actuated us. Well, here's the end approaching, and it has been the most successful sale in our history. We have kept every promise—and a little more; we have saved our friends many thousands of dollars, we have met thousands of new faces, and in every respect—from our standpoint and from yours—the sale has made good.

In keeping with this January programme, we now advise you to save every dollar you can by buying before business closes Thursday. And to show you that this is not a selfish suggestion read these four little paragraphs—they can be applied to each of the twenty-one departments of the store.

<b>Ladies' New Spring Suits</b> A good advance showing—also in new Coats. All are marked for the coming season's selling and marked close yet there's 10% off if bought this month.	<b>Dress Goods</b> There are many of spring's newest fabrics in this department. A \$10 Suiting will only cost you \$9 this month—and so on. Why not get the findings at our expense?	<b>Spring Ribbons</b> We have a complete stock of all that will be used in Ribbons this spring. All carry their regular prices, but one tenth is returned to you if you come before 6 p. m. Thursday.	<b>White Goods</b> —long cloths, nainsooks, Persian lawns, etc., needed all the year round and especially in spring and summer, if you buy now you get a gift of one yard with every ten that you purchase. That's worth while.
--	--	--	--

# Just a Few of January's Special Closing Opportunities

<b>Veiling Remnants Half Price</b> A little of everything in chiffon and net veilings a 25c piece 12 1/2 c—and so on.	<b>Men's Tan Underwear 35c</b> Fine ribbed cotton Shirts and Drawers each worth 50c, a clean-up in the men's furnishing section.	<b>Silk Crepe de Chine 50c Special</b> all-silk, 23 inches wide a good line of colors. Silk and wool Eolienne, 40 inches wide, all shades special 90cyd.	<b>Remnants in Linen Section</b> —a mixed lot of odd lengths in table linen, toweling, also odd sets of napkins, towels, etc. at remnant prices.	<b>Silk Opera Bags Special 50c</b> —made of fine, heavy, flowered Dresden silk, lined with moire, silk cord drawstrings.
--	---	---	---	---

<b>Spring's New White Waists 85c, \$1, \$1.25 and to \$12.50</b> —subject to January's discount. No display of previous years can give an inkling of the beauty, variety, quality and styles of this spring's display. Sleeves of any length plainest to the most elaborate designs, open front and back—and although all the materials used, as well as the labor have advanced from 10 to 25 per cent you would never guess it from the prices.	<b>Newest Fancy Trimming Buttons</b> Five hundred novelties—certainly not less—including everything that will be used in trimming the next season. Gilt, steel, jet, crocheted, lace, silk, jeweled, mounted—all sizes, all colors—and at right prices. Plenty of washable buttons. Ten per cent off till month ends.
---	--

<b>Art Section</b> A new lot of stamped linens, including the French eyelet work hats and other novelties—center pieces, scarfs, squares, etc. Full line of all shades in the matchless "Bear Brand" yarn. "Pompador" yarns in cream, pink and blue. Eiderdown wool in pale shades.	<b>Muslin Wear Specials</b> Much that is good of the January specials in Muslin Underwear is on the bargain tables and some excellent lines that came late were added today. They are all popular, every-day grades and a visit will convince you that they are bargains.

**POLICE MAKE RAID ON BERKELEY HOTEL**  
BERKELEY Jan 29.—Chief Vollmer of the Berkeley police made a raid on the Atchison Hotel and found the proprietor in the act of selling liquor to two customers. Upon entering the hotel which is located on Shattuck avenue near University Vollmer heard money rattling on the bar. He broke open the door leading into the improper bar two glasses of liquor and a twenty five cent piece. The chief took possession of the bottle from which it appears that the liquor had been taken and departed with the evidence. The chief said that he saw the bar tender emptying several glasses into buckets of water. No action is said will be taken by the police department until further evidence can be secured to show the existence of an unlawful sale of liquor.

**A Local Drug Firm Advertised**  
In a Los Angeles paper for salesmen and wound up its appeal with the suggestive phrase—No gratifying. This bears out in a small way the assertion I have frequently made—that gratifying is gradually going out of style and that an era of commercial honesty is dawning.

**STORMY OUTSIDE THESE NIGHTS BUT CALM AND BRIGHT IN LEHNS**  
A few hours hence the terms "soulless corporations" and "trust abuses" will be obsolete and almost forgotten. Why? Because business honesty will come into vogue and prove itself the best policy. By the way, I must hike around to Lehndorf's for a cup of hot chocolate. There's honesty in that I know and it's policy to get it.

## WAS AFRAID OF HUSBAND

**Reno Woman, Charged With Murder, Makes a Statement.**

RENO, Nev., Jan. 29.—Mrs. Charles Kucks, wife of Charles Kucks, who is confined in the county jail awaiting a trial on a charge of murdering Edward Farrell, a gambler, in this city, has made a statement, in which she says that had she not concealed herself from her husband he would have murdered her, as he did Farrell. She states that he kept company with another woman, and that for that reason she had left him and lived with Farrell, who had on several occasions protected her from her husband.

The woman also states that her father-in-law, Charles Kucks of Oakland, has illegally taken possession of her property in Oakland that she was suing for. She alleges that Kucks, her father-in-law, entered her apartments in this city, while she was in the hospital, and took all her jewelry, valued at more than \$900, and carried it away, together with a number of gloves and a quantity of clothing.

This is the first statement that Mrs. Kucks has given out since her husband killed Farrell. She recently returned from Oakland, where she has been visiting with friends, and states that as soon as she obtains a divorce, which she intends to sue for immediately, she will go to Oakland and be married. She claims that her husband abused her shamefully while they lived in Oakland, where they managed a theater, and that on more than one occasion she was confined to her bed for more than a week as a result of a beating he administered to her.

Mrs. Kucks states that she has enough evidence to send her husband to the gallows, and that when his trial is heard next month she will testify against him.

## INSANITY OF VIOLENT FORM

**Mrs. Dena Haldin is Committed to the State Hospital at Stockton.**

Mrs. Dena Haldin, the young woman who went insane over what she thought was the death of an old sweetheart in the explosion of the Vigorite powder works a few weeks ago, was committed to the State hospital at Stockton.

With much difficulty the woman was taken into the court room, but was so violent that she was carried back to the receiving hospital, where Judge Wastie conducted the examination. Dr. Gillham and Dr. Shuey examined the woman and recommended that she be committed to the insane asylum.

Mrs. Haldin is only twenty-three years of age. She has to be strapped in the cot at the hospital.

## MAN CRUSHED BY ELEVATOR

**J. W. Duffey of Alameda Instantly Killed in the Flood Building.**

SAN FRANCISCO, Jan. 29.—J. W. Duffey, a resident of Alameda and a clerk in the passenger department of the Southern Pacific Company, was instantly killed in the James Flood building last night by being crushed by an elevator.

Duffey and a man named Grot were on the ninth floor of the building, and the elevator, in charge of George Mackey, stopped there to carry them down stairs. Grot entered the elevator and Duffey had just put one foot in when the elevator suddenly shot upwards, catching Duffey between the floor of the elevator and the wall of the shaft. It only came to a stop when unable to go any farther on account of Duffey's body. His chest was crushed flat.

The elevator man can give no reason for the sudden starting of the elevator. He says the lever was jerked out of his hand and he was unable to bring the car to a stop.

Duffey was married.

**NEW ROOFING CO.**

**TO LOCATE HERE**

Articles of incorporation were filed with the County Clerk this morning by the Superior Roofing Company, which will transact its business in this city for a term of fifty years. The capital stock of the new concern amounts to \$20,000, of which amount \$125 has been subscribed by the original board of directors, consisting of Thomas McRae, W. R. Haynes, W. H. Biddall, Lemuel McRae and E. E. Biddall, all of this city.

**WOULD ADMINISTER  
ESTATES OF TURPINS**

Fred Franks of San Francisco has petitioned the Superior Court for letters of administration and special letters for the estates of Frank and Libbie Turpin of Alameda, whose sensational murder and suicide was told in the Sunday TRIBUNE. The articles state that the estates amount to about \$2500, but the fact that they were building a \$3000 house, shows that they were better off financially than the uncle's petition states.

**STOVE EXPLODES;  
HOUSE BURNED**

As a result of the explosion of a gasoline stove in a house at Twenty-second street and Telegraph avenue, yesterday evening, the structure was almost burned to the ground. The rear portion of the building was in flames before the fire was discovered and the fire department called. Japanese immigrants dragged the blazing stove into a rear yard and had the fire under control before the fire department arrived.

**TEN YEARS AFTER.**

Wife—I came across a bundle of your old love letters today.

Husband—Did you read them over?

Wife—Yes.

Husband—And what was the effect of the perusal?

Wife—I wondered which was the bigger fool—you for writing them or I for marrying you after receiving them.

**EULOGY**

In the frequent and apparently endless series of deaths by accident, rarely is notice taken of the sweetness or beauty of character in life of the dead.

The suddenness of the disaster, its appalling character, the grief, and realization of loss seem to paralyze the minds of those whom through acquaintance and friendship are next able to render a just tribute of words and affection, and so they leave us with no eulogy, however well deserved.

The sudden and terrible accident of January 16 which so quickly blotted out the earthly existence of DOROTHY INEZ WEST was one of these occasions.

Born of Puritan ancestry, at Denver, Col., fourteen years ago, she brought with her to California—where she had but lately arrived with her parents—the breezy, buoyant life of these high altitudes—and as she grew to girlhood she gave promise of a more than common character in a loving and useful womanhood.

Having been brought here with the view to the attainment of superior advantages in educational and social surroundings, she had scarcely made any impression upon her surroundings before her untimely and terrible death.

By those who knew her she was, however, much loved, for her kind and loving disposition and her fealty to her friends. Full of life and cheer she always welcomed them to her home, and is missed by them as only such an one can be.

Cut off in the early morning of existence with the promise of earthly life unfulfilled, she passes away accompanied by the love and sympathy which she more than deserved. And to loving, cheery, Dorothy, we send our love, and hope that to those who knew her and miss her, her memory may be that of a sweet and beautiful girl life.

**UNCOMPROMISING.**

Goodley—Why are you so down on the English?

Cassidy—Why shouldn't I be? Shure, look at the stories they do be tellin' about them.

Goodley—Yes, but they tell stories about the Irish, too, which you say are lies.

Cassidy—Aye, but all the lies they do be tellin' about the English are true.—Philadelphia Press.

The lady whose picture here appears is Mrs. William A. Clark, wife of the Montana Senator. She will cut an important figure in New York society. To great wealth is added beauty and charm of manner. Her first reception in New York, given a few days ago, has stamped her as an ideal hostess. The child in the picture is little Andrea Clark, one of the richest heiresses in the world.

## CONTEST OVER LARGE ESTATE

**Alleged That Widow of W. L. Harrington is Not Competent.**

A contest for letters of administration in the matter of the estate of the late William L. Harrington will probably be waged in the Superior Court, for yesterday a petition was filed by N. V. Nelson, as guardian for his son, Niles Nelson, who is one of the heirs to the estate of his wealthy uncle. The document opposes the widow of the deceased, Sarah Harrington, who was nominated executrix. He states that the widow is incompetent to fill that position. The estate is worth more than \$17,000.

**FOR A PHOTOGRAPH.**

The correct attire for having one's photograph taken this season is an evening gown cut decollette. Clad in a light-colored frock of the newest filmy material, with trimming of sheer lace or hand embroidery, any woman may feel that so far as dress goes her picture will be correct. The wearing of big picture hats with plumes, ribbons and veils, becomingly arranged, which was such a fad a year or so ago, is still in vogue. It depends entirely upon the person posing, and though the majority of photographs will be taken without these hats, the latter are an adjunct of pictures in that they will probably always be considered good form.

The use of furs, provided they are handsome ones, will again be fashionable, for a boa or even a collarette placed carefully around the neck lends a touch of elegance that is greatly favored by the average woman. A fur cape or even a long coat thrown open in front to show the evening costume will be permissible, though doubtless little worn for photographs.

**DIFFERENT NOW.**

Edith—Shoe doesn't?

Mayme—No; she now has an unsatisfactory longing for weeds.

**HANGING OF "SHORTY."**

Shorty Smith, whom we hanged in Knoxville a few weeks ago, was last week commuted to a life sentence in the penitentiary by Governor Cox. The hanging came about in this way. The day for execution was set for Wednesday, and we went to press that afternoon, when we declared under date of the day following (Thursday) that Shorty Smith was hanged in Knoxville yesterday. It was a fortunate thing for Shorty that what we said did not settle it. This was our first hanging and hope it will be the last.—Harrison's East Tennesseean.

## Prescribed and Endorsed by a Temperance Doctor,

**Dr. T. P. Palmer, Rives, Tenn., heartily endorses Duffy's Pure Malt Whiskey, the great renewer of youth.**

Dr. Palmer, who is a strong temperance man, praises Duffy's Pure Malt Whiskey as a "medicine and for medical use only."

He writes:

"I endorse Duffy's Pure Malt Whiskey as a medicine and for medical use and for nothing else. I oppose intemperance and favor all laws that tend toward the suppression of drunkenness."—T. P. Palmer, M. D. Rives Tenn., Aug. 9, 1906.

Dr. Palmer is one of many thousands of doctors throughout the United States, who prescribe Duffy's Pure Malt Whiskey whenever a tonic stimulant is needed.

## Duffy's Pure Malt Whiskey

The leading hospitals throughout the world use Duffy's Pure Malt Whiskey as the only alcoholic medicine for convalescents.

If you wish to keep strong and vigorous and have on your cheeks the glow of perfect health, take Duffy's Pure Malt Whiskey regularly, according to directions, and take no other medicine. It is dangerous to fill your system with drugs. They poison the body and depress the heart, while Duffy's Pure Malt Whiskey tones and strengthens the heart action and purifies the entire system.

It is recognized as a medicine everywhere. Duffy's Pure Malt Whiskey has been analyzed and tested by chemists for the past fifty years, and has always been found absolutely pure and to contain great medicinal properties.

**CAUTION.**—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It's the one absolutely pure medicinal whiskey and is sold only in sealed bottles—never in bulk. Look for the trademark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price, \$1.00. Illustrated booklet and doctor's advice free.

## POLO TONIGHT AT LAKESIDE

**Exciting League Game and Fine Exhibition of Trick Bicycle Riding.**

Hot roller polo is on the card at Lakeside rink tonight, when the Oakland and Crockett's meet for the first time. Oakland surprised a big crowd at Lakeside a week ago by its fast game against San Francisco, losing by a goal mainly through lack of team work. The boys are fast on their skates and hard drivers and are confident of victory tonight. The Crockett team is composed of good players and will be beaten only after a stiff battle.

Lakeside patrons were delighted last night with the performance of Frank Wilson, who solves that most difficult of problems, that of giving the public something new in trick bicycle riding. His work is far above the average and he can take his wheel to places more quickly than any man who ever appeared in Oakland. One amazing feat he performs is springing about on one wheel and taking off his hat and making up while spinning about the rink.

Tonight's program is one of the best offered at Lakeside and general skating will continue to 1

## As to a Class of Correspondents.

Persons who send communications to THE TRIBUNE will take notice that in opening our columns to a popular discussion of current topics of general interest, mainly local, there was no intention to give the free use of the paper to people who desire to air their views on socialism, spiritualism and other fads and hobbies, nor to afford a vehicle for venting anonymous abuse. It is our purpose to make THE TRIBUNE'S columns a forum, in a limited sense, wherein citizens can discuss among themselves matters of material and immediate concern, not to invite a parade of hobbies and fads irrelevant to any question of practical moment. We want to hear from busy people about the actual affairs of life, not from visionaries and dreamers who think they have found universal panaceas for political, social and physical ills, and who deluge every newspaper that prints communications with letters exploiting the peculiar views of the writers. As a rule these correspondents are so crude in their ideas and so lacking in grasp of the subjects they are so eager to discuss that what they have to say is not only destitute of information and instruction but is wholly devoid of academic interest even. They are in deadly earnest, but unfortunately they are persons whom the average man avoids as bores and cranks, an estimate to which we do not wholly subscribe, but which is that of the general reader. Hence the hobby-riders and faddists must seek some other vehicle than THE TRIBUNE to disseminate their theories. We cannot afford to grant them space for arguing and theorizing on topics which do not interest the mass of readers and attack the entire cosmogony of social and political economy, to say nothing of their excursions into the realm of the mystical and unknown. Write about the mud in the streets, the broken sidewalks, the abuses of government, growing turnips, bad manners in the theaters, poster advertising on fences and walls, the improvement of the harbor, the infamies of the trusts, the abuse of franchise privileges—any old thing, but don't try to revolutionize religion and society in the columns of a daily paper. We can't stand it.

A dispatch from Washington says the State Department has not intimated that the removal of Governor Swettenham of Jamaica because the British people might ascribe his removal to American influence. This is richness. If Swettenham should be removed in response to the intimated desire of our government of course his removal would be ascribed to American influence. But what of it? The Swettenham person is of no consequence, but the reason given for our government not demanding that he be called down is asinine. If our government was concerned enough about the antics of Swettenham to request his removal why should there be any objection to letting the fact be known? It would probably be a lesson to other Swettenhams.

## The Socialist Reverse in Germany.

It is not wise to fly in the face of nationality and race pride. That is where the German Socialists made their fatal mistake in the recent campaign. They attacked the military and colonial policy of the Kaiser and they preached the doctrine of internationalism. Virtually they asked the German voters to declare against German nationality. To the sentiment thus flouted and derided the Kaiser appealed. For God and Fatherland, the ancient war cry of the Germans, rang through the press and from every stump. The German nation rose against the proposition to dissolve governments based upon ties of blood and language. The spirit of united Germany repudiated the suggestion that the affairs of the German people are secondary to the welfare of humanity as a whole. The outcome might have been foreseen. The spirit of nationality runs high in Germany, and the Social Democrats sowed of the whirlwind when they antagonized it. The burden of militarism, the arrogance of the noble and military caste, the cruelties and expense of colonial expansion in Africa all became trifling grievances by comparison when it was proposed to wipe out the boundaries of the empire and destroy the aspiration and impulse of national life. The appeals of the French and Italian Socialists to vote against the Kaiser's military and colonial budget were like throwing powder on a fire. The German masses showed their resentment at the polls by turning on the Socialist leaders in Germany. They did not vote to sustain the Kaiser and his policy so much as they did to record their verdict against internationalism. The result is rather instructive.

The Hartford Courant laments to the length of a column over the menace of foreign immigration, and then displays its consistency by denouncing the people of the Pacific Coast for objecting to the influx of Mongolian coolies. The Courant is a pretty fair representative of the pro-Japanese sentiment of New England.

The new town of Piedmont has just incorporated with a total of 682 inhabitants and several thousand vacant lots. It has plenty of room to grow.

### THE DRILLS.

(With Apologies to the Memory of Edgar Allan Poe.)  
Hear the buzzing of the drill,  
Rasping drill!  
What a world of awful torture in my jaw it doth instill.  
In this molar bad and aching,  
Wretched havoc it is making.

I am gagged—I cannot speak—  
I can only shriek, shriek, shriek,  
In a clamorous appealing to the mercy of the dentist,  
In a mad expostulation with the fierce, malicious dentist,  
Digging harder, harder, harder,  
With a savage, fiendish ardor,  
And a resolute endeavor  
Just to slay me, now or never.

Oh! the drill, drill, drill,  
How it flies and scrapes and grates.  
How it grinds, and then vibrates.  
In the whirling and the burning  
Does my anguish sink and swell,  
In the cutting and the crushing of the drill.  
Of the drill,  
Of the drill, drill, drill, drill,  
Drill, drill, drill,  
In the punching and the crunching of the drill.  
Oh! the drill, drill, drill,  
How it spins and bores, and bumps, thumps!  
How it spins, and bores, and bumps!  
Keeping time, time, time,  
In a sort of rhythmic rhyme,  
To the rapping and the tapping of the drill, of the drill,  
Of the drill, drill, drill, drill,  
Drill, drill, drill,  
To the rapping and the tapping of the drill.

—Don Morris Steele in the January Bohemian.

## Dr. Knox for School Director.

The Republican municipal convention cannot do better than to nominate Dr. Myra Knox for School Director. Public policy demands that there should be a woman on the School Board. For a variety of reasons there should be a woman School Director with whom the women teachers can discuss with perfect freedom certain phases of school life. Dr. Knox is admirably fitted to receive such confidences and to digest their import. She is an able physician of long practice, and possesses a mind of strong grasp and keen perception. She has served several terms as School Director, and is thoroughly familiar with the affairs of the department and the workings of the public school system. Her nomination would be gratifying to a large number of influential friends and would be a recognition of the female element of society. It is to be hoped the Republican convention will put her on the ticket.

The announcement that King Edward has at last forgiven William Waldorf Astor is notice that a long penance has ended. Years ago Astor had the temerity to object to one of the king's favorites appearing unmixed at one of the Astor social functions and for this offense he came under the royal displeasure. As Astor had forsworn his own country to become a British subject, spending his millions like water to secure the royal favor, the frown of majesty weighed on him as a mighty load. He abused himself in every way to atone for his misdeed, gave unstintingly to the royal charities, and toadied unceasingly to the members of the King's set who would condescend to drink his wine, eat his dinners and shoot over his hunting preserves. At last his patience and humility have been rewarded by his restoration to the sunshine of royal approval. While congratulating Astor on the forgiveness of his sins, Americans can still more heartily congratulate themselves that he no longer calls himself an American.

The public, particularly the patrons of the theaters, have become thoroughly disgusted with a gang of imported hoodlums who sell newspapers in the streets. These fellows call themselves newsboys, but they are men. They raise a frightful clamor in the ears of pedestrians. Their yells amount to a disturbance of the peace, and have become a serious public nuisance. It is their regular practice to cry "extra" and some startling piece of news just as people are coming out of the theaters, their stentorian tones creating great annoyance. As a rule, they have no extra to sell and the alleged news they cry is a fake—merely a device to sell the regular edition of some evening paper that has been on the street for seven or eight hours. Thus the public is both buncoed and annoyed. The police should restrain these obstreperous and dishonest tactics.

The Santa Cruz Sentinel says Jerome Hart made the Argonaut famous. Shade of Frank Pixley, what a whopper!

### Wurttemberg's Hop Crop.

Consul Henry H. Morgan of Stuttgart furnishes statistics showing that there were 190 communities in Wurttemberg raising hops in 1906. The total acreage was 4960 hectares, equal to 12,400 acres, and the total crop amounted to 51,997 hundred weights, against 84,966 hundred weights last year. The direct exports of hops from Wurttemberg to the United States, according to statistics of the Stuttgart consulate, amounted to \$168,795 in 1903, \$229,201 in 1904, and to \$255,121 in 1905.

### NATURE'S PHILOSOPHY.

Oh, tell me not that Nature is too old  
To study her, for lo! I am a part  
Of her, and of her mysteries—no mart  
Can earth possess for sunset's bars of gold  
Which her pure hands for centuries have rolled  
Across the hemispheres, where heaven's chart  
Lies marked with planets in their course—her heart  
Responds to ev'ry throb of mine; behold  
Her ev'rywhere! doth not the trees and flowers,  
The mountains, mists, the torrents, rivers, vales,  
The brooks, the meadows—ev'rything—the hours  
Reveal her presence; breezes in the dales  
And woods, which whisper in her ear,  
I know their secrets, and their voices hear.

## MEDICAL MEN HONOR PARDEE

Former Governor is Banquetted  
by Prominent County  
Physicians.

Former Governor George C. Pardee was the guest of honor at a special banquet at Piedmont Park clubhouse given by the Alameda County Medical Association. It was in the nature of a welcome by his co-workers in the profession of which he is a member.

Some fifty members of the association assembled in the clubhouse and with Dr. Crossley, president, as toastmaster, enjoyed the occasion to its utmost. Dr. Myra Knox and Dr. Pauline Nussbaumer were the only women physicians present. There were besides them President Crossley, Dr. George C. Pardee, Dr. N. K. Foster, secretary of the State Board of Health, Dr. D. D. Crowley, former president of the State Board of Health, Dr. Frank L. Adams, Dr. A. H. Pratt, Dr. H. N. Powell, of Berkeley, Dr. F. W. Morse, and Dr. J. Maher, all of whom made interesting responses, when called upon.

There were in addition about the festive board Drs. Boyes, Hamlin, Dukes, Rowe, Miller, Larkey, Makinson, Keys, Clow, Green, G. Lillneranz, Piercy, Mayon, Boyes, Fiesler, Wherry, Lilley, Card, Emerson, Wilcox, Holmes, McClean, Kelly, Brinkerhoff, Buteau, Edmondson, Fearn, Morse, Thomas, Wintermute, Ewer, Dudley Smith, Williams and Beckwith.

### INTRODUCES PARDEE.

President Crossley in a few graceful sentences introduced the guest of the evening, referring to Dr. Pardee as a family man, a practitioner of repute, and as one who had been successfully honored by being chosen as City Councilman, as Mayor of Oakland and as Governor of California.

"He began small," said Dr. Crossley, "but he ended in receiving the greatest recognition this great State can give to a citizen. We are proud to know that he comes back to us with clean official hands."

In response Dr. Pardee said that years ago when his neighbors in the Seventh ward elected him to the Legislative branch of the city government he thought his cup of pride was filled and when he was chosen Mayor of Oakland he felt more proud. Then when elected Governor it seemed that the limit had been reached.

### DOCTOR'S TRAINING HANDY.

"But now, when I retire from a four years' exile and find the doctors with a warm welcome home, my cup of pride is indeed overflowing. The doctor listens to tales of woe, diagnoses prescription. When I laid aside the scalpel to assume the training of a doctor, I found that the training of a doctor came in mighty handy. It is a fact that I am not exactly satisfied with my work—there were many things I shouldn't have done and things I ought to have done. But I find the people are satisfied that I am the best I could. But one man in the world made no mistakes and he was crucified 1800 years ago. I speak of Him in all reverence."

"Many times during the last four years it was my fortune to pass my old office in the Chronicle building. I said up the stairs and was glad to smell the good old smell of a doctor's office. There was the history of fifty-four years of medical practice, my father preceding me. The records all went up in smoke, and I have nothing now to connect me with that office. I have come back to live in the old house, sleep in the old bed my father and mother built, and I feel that there are none so close to me as the physicians."

"Ladies and gentlemen of the Medical Association of Alameda county, I prize more than anything your esteem for just plain Dr. George Pardee."

### CALL ME DR. PARDEE.

"Call me Dr. Pardee—not Governor. I had a thousand times rather be Dr. Pardee than Governor of even such a great State as California. Yet there is great honor in being chosen Governor of one's own native State if one sets his whole heart to the work. I thank you and as I return to the practice of medicine I feel that I have not spent the last four years in vain."

Dr. Pardee, Dr. Rowell and others followed in speeches which were filled with pleasant allusions to the guest of the evening. The banqueters remained at the clubhouse until a late hour.

## "HELLO" BRIDE ROUSED BY SUIT OF A LAWYER

**Demand for a Big Fee From a Woman Seeking a Divorce Interests the Lady.**

NEW YORK, Jan. 22.—Mrs. Albert Edward Tower, who was Miss Marie Bogardus, a "hello girl" at Poughkeepsie before she married a wealthy iron master of that city, from whom she is now living apart, is greatly interested in the statements of Henry J. Hancock, a lawyer of this city, who has sued Mrs. Louis Wels, living at the Hotel Belmont, in this city, according to dispatches from Poughkeepsie.

Hancock asserts his services consisted in arranging for Mrs. Wels to procure a divorce, and says she objects to paying him more than \$500.

Mrs. Tower declares that Mrs. Wels was one of a party on the Earl King, a luxurious yacht owned by Mr. Tower, during a trip through Southern water last year.

Mr. Tower is a member of the exclusive Tuxedo Club, as is his brother, Joseph Tuckerman Tower. The two sons were left a vast fortune by their father, who established the Poughkeepsie Iron Works, one of the largest in the country. He was graduated from Columbia in 1893, and was married two years later. His wife, in

1902, in a moment of temporary insanity, killed their only son and committed suicide.

Three months later Mr. Tower announced his engagement to Marie Towne Bogardus, a telephone operator in the central office at Poughkeepsie. The two were married in the bride's home on January 7, 1903.

Mrs. Tower is still under 30, is quite slender and possesses a modest beauty that is attractive.

"Why, the idea!" was the essentially feminine message sent out by Mrs. Wels, when asked about the suit of Hancock.

"The idea of asking me such a thing," she sent word through a member of the household. "The matter is beneath my notice."

When told that Hancock had asserted she was to marry again in the near future, Mrs. Wels seemed greatly exasperated and refused to say anything further.

Many persons are wondering just who the manufacturer is who, Hancock says, was to marry Mrs. Wels just as soon as she obtained a divorce from her husband.

## GIRL-BRIDE OF SEVEN WEEKS ENDS HER LIFE

**Recently Married at Reading, Pennsylvania, She Kills Herself for No Apparent Motive.**

READING, Pa., Jan. 22.—A bride of his wife good-bye only a short time seven weeks, pretty and attractive Mrs. Jeremiah Bloch, 19 years old, committed suicide here by swallowing carbolic acid.

No motive is known for the young woman's act. Her husband is a plumber, 23 years old. He had not been working for several days, and had bid

before her death, telling her he would be back in half an hour. Mrs. Bloch was a native of Philadelphia. Her maiden name was Mary Elizabeth Howell. Prior to her marriage she had been employed in a Philadelphia department store as a decorative

## SHE KILLS HER NEPHEW ON HIS WEDDING DAY

**Slayer of a Young Man in Pittsburg Objected to His Prospective Marriage.**

PITTSBURG, Pa., Jan. 22.—John Guaragno, 20 years old, was shot and killed the day of his wedding by his aunt, Miss Zomenita Francammario, 25 years old. Guaragno was to have married Mary Zassano, 19 years old, and went to the home of his aunt to get his wedding clothes.

The aunt fairly idolized the young man, and strenuously objected to his getting married. Although she will not admit it, others say she was in love with him herself.

While the young man was dressing he quarreled with his aunt. She left the room, but soon returned with a revolver and shot him through the heart.

She admits the crime.

The disposition which Mrs. Russell Sage is to make of the vast fortune left her by her husband is now giving her the many trials which come to the possessors of great wealth who have announced their intention of giving it away. This picture is from one of the most recent photographs of Mrs. Sage and is regarded by herself and friends as one of the best.

## ODDITIES AMONG OUR WOMEN'S CLUBS.

(By Ina Brevoort Roberts.)

There are, besides the many women's clubs in Greater New York that have the ordinary objects of association, a few organizations with aims that are well, odd, to say the least.

The Car Passengers' Rights Association was founded in 1902 "for the purpose of endeavoring to procure rights for the traveling public." This club meets at the call of the president, Mrs. Richard Henry Savage, and has lent especial effort to doing away with the "car ahead" nuisance.

The Colorado Cliff Dwelling Association has been instrumental in preserving these ancient ruins from vandalism. The Mesa Verde, or green tableland, of Colorado, has become a national park, and the cliff dwellings have passed into the hands of the government. The New York Chapter, with Mrs. Thomas H. Whitney as regent, has done much to foster general interest in the ruins. The clearer knowledge of the real value of the dwellings, forced upon the minds of legislators, has resulted in the passage of the bill creating the Mesa Verde National Park.

National Park.

The object of the Woman's Peace Circle is "the promotion of peace and the settlement of international differences through arbitration rather than war." The members have also worked toward abolishing the use of dangerous fireworks on the Fourth of July and substituting open-air sports and patriotic ceremonies.

The Velasquez Club was organized for the purpose of "increasing appreciation of the best art by means of loan exhibits of approved copies of famous paintings."

## SHOOTS HIS WIFE, THEN BATTLES WITH PURSUER

**Races Block After Block Waving a Pistol at Woman Before He Is Finally Overpowered.**

NEW YORK, Jan. 22.—Standing in the room which had been his home, but which he had left one year before, Pietro Vincenzo of 217 East One Hundred and Eighth street deliberately fired three bullets into his wife's body and then fled through the streets, with Detectives Naughton and Higgins after him. Mrs. Vincenzo staggered out of the house, uttered one shriek and fell unconscious to the pavement. She is dying in Harlem Hospital.

Vincenzo raced through block after block, still holding the revolver and frightening women and children. Finally

Tenement House Inspector Joseph Butts of 251 East Seventh street leaped on the man, gripped him by the neck, twisted his wrist and threw him. Butts kept his knee on the prisoner's chest and held the pistol hand with all his strength until the two detectives arrived and handcuffed Vincenzo. The would-be murderer was held without ball in Harlem court.

The police are working on the theory that a missing child of the couple, who separated a year ago, has something to do with the origin of the quarrel which occurred between husband and wife.

## LIFE OF WOMEN

Mrs. Kendal, the actress, is an ardent collector of tiny toys and miniature models of all sorts. Her collection is now very large, as well as decidedly interesting, and she invariably adds to it while on her professional tours.

For more than sixty-three years a woman in Readsboro, Vt., has subsisted on a diet of crackers. Ever since she was ten years old she has eaten nothing else, and strange to say, she seems to have thrived on her queer meals. Crackers for breakfast-crack-

ers for dinner, crackers for supper, until she says it is scarcely to be wondered at that her friends call her "Polly."

Appropos of the strange social changes that motors have brought about, the curious sight is now often to be seen in the London streets of a leather-clad chauffeur and a liveried footman sitting at their ease within a luxurious automobile, while the mistress in the driver's seat steers the car through crowded thoroughfares. One can scarcely imagine the effect of a burly coachman and his satellite reclining, let us say, in a victoria while the fair owner drive it along Piccadilly, yet it does not seem to be regarded as incongruous that a woman should be driving a motor car in which her servants are occupying the seats of honor for dinner, crackers for supper,

## FASHION DICTATES

Gold bracelets in the old-fashioned heavy, wide band effect, chased in old English patterns, are the most fashionable form of this article of jewelry.

Boots are higher this season than they have been for several years, and the fad is a very sensible one for cold weather. What is known as the "seven-inch boot" is extremely popular.

Newest silks for dinner and evening gowns are the black and white taffeta and satin stripes. In some cases the stripes are each four inches wide, which effect is loud and startling, to say the least. One and one-half and two and one-half inch stripes are in greatest favor.

Broad bands of chiffon or panne velvet are going to be used as long as possible as garnishments for cloth skirts, the velvet being elaborately stitched with narrow silk braid. Besides giving weight and adding dignity to the skirt, the decoration is an unusually smart one, and allows full scope for the specialists in scroll stitchings as executed in fancy braids.

Tassels and fringe trimmings of all kinds, boldly transgress the laws of smart decorations and intrude themselves upon garments of all kinds. An unusually large number of these decorations are shown on the new coats and boleros. Wherever possible sleeves are gathered up along the inner side and finished with braid tassels, following the ideas introduced upon other wraps. Similar trimmings dangle from the necks and lapels of tailored jackets.

## GIRL'S BODY IS EXHUMED; MURDER IS SUSPECTED

**"Best-Dressed Young Woman of Pittsburgh" Is Not a Suicide, Say Her Friends.**

NEW CASTLE, Pa., Jan. 22.—Startling developments may follow an autopsy upon the body of Ethel Ferver Gibson, formerly of this city, "the best-dressed woman of Pittsburgh," who was shot there several weeks ago. Her body was exhumed by her family and two physicians held a post mortem. This shows that the shot supposed to have been fired by the girl herself entered the base of the brain on the left side behind the ear, emerging at the right temple. The Pittsburgh police said the bullet went into the right temple. Ethel was right-handed and could hardly have inflicted the wound that caused death. She was a rarely beautiful girl. For two years she lived in Pittsburgh, and was supposed to have shot herself when accused by her employer of forgery of checks. She left two letters, bidding her mother and employer farewell. Ethel's mother and friends now believe these letters are merely good imitations of her writing. They think she was murdered.

## PREFERRING DEATH TO WORK, SHOOTS HIMSELF

**Young Spendthrift of Georgia, When Cut Off by Sister, Tries to Commit Suicide.**

SAVANNAH, Ga., Jan. 22.—Because he preferred death to work, Benjamin R. Beasley, a well-known young man, shot himself through the head while standing at a hotel bar.

Beasley had been drinking with companions and lamenting the fact that he would have to go to work, as his sister had cut off his allowance. Beasley drew a pistol, placed it to his head, and

cried, "I would rather be dead any time than work!" pulled the trigger. Physicians say that Beasley has slight chance for recovery. The young man has never done anything but spend money.

Monday the sister told Beasley that she would furnish him no more money, and that he must go to work. Since then he has been telling companions that work would kill him.

## AMERICAN GIRL NOW IN BRITISH QUEEN'S COURT

**Duchess of Manchester, Formerly Miss Zimmerman of Ohio, Is Highly Honored.**

LONDON, Jan. 22.—People are beginning to wonder at the succession of honors showered from high places on the Duke and Duchess of Manchester.

The latest mark of royal distinction is contained in the Court Circular announcement that Helena, Duchess of Manchester, is appointed lady in waiting to her Majesty Queen Victoria.

This is one of the most coveted positions at court, and that it should be awarded to the former Miss Zimmerman of Cincinnati is a remarkable

proof of the continued good favor in which she stands in the English court. When a son was born to the Duke and Duchess in October, 1892, the Queen hastened to say that she would be delighted to stand as godmother to the youngster.

Last July the Duchess played hostess to the King at Kimbolton Castle, and in January, 1906, the King conferred the double honor upon the Duke of making him captain of the Yeomen of the Guard and Lord Steward of the Royal Household.

## FOUR GENERATIONS AT A FAMILY GATHERING

**Former Judge Crouse of Selinsgrove, Pennsylvania, Central Figure at a Dinner.**

SELINGSGROVE, Pa., Jan. 22.—An interesting family meeting was held here recently at the home of Mrs. Mary Smith, a sister of ex-Judge Jeremiah Crouse, given by Mrs. Smith in honor of her relatives. Judge Crouse is a Republican, hale and hearty at the age of 76, and retains a lively interest in political affairs.

He was postmaster at Selinsgrove in the 60s, served seven terms as probate judge, and held thirty-two State commissions—probably more

than any other living man in this State. For twelve years Mr. Crouse was the editor and proprietor of the Middleburg Post.

James G. Crouse, a member of the Snyder county bar, only son of Judge Crouse, recently withdrew from the bar by presenting his petition in court.

Bruce Crouse, son of James G. Crouse, is a prominent business man of Berwick.

Russell J. Crouse, the baby, is the son of Bruce Crouse, thus completing the fourth generation of an esteemed Snyder county family.

## COMRADES

Come, little boy, and take my hand; we'll face this world together;  
Impart your hope to me and I will laugh at wind and weather;  
My arm shall be your faithful shield, my love your heart's reliance—  
Come, take my hand, and we will bid the fates that frown defiance.

II.

With you to bid me hope and you to cheer me on the highway,  
My footsteps never shall be turned down any shameful byway;  
My arm shall be your pillow when the bright stars twinkle o'er us,  
And I will give you courage on the hills that stretch before us.

III.

My years shall yield you knowledge, I will be your strong defender,  
And you shall keep my spirit pure, my proud heart brave and tender.

Come, little boy, and take my hand; we'll face the world together,  
And bear no fear and brook no doubt in glad or gloomy weather.

## NEWS FROM BERKELEY AND CITY OF ALAMEDA

PASTOR WILL  
LEAVE CHURCH

Resignation of Rev. Shepherd  
Is Accepted by the  
Deacons.

BERKELEY, Jan. 23.—Rev. R. P. Shepherd of the First Christian church of this city, has handed in his resignation to the deacons of the church, and they have accepted it.

Mr. Shepherd is in Los Angeles and is expected home Wednesday, when the action of the church authorities will be made known to him.

There has been considerable discord in the First Christian church for some time and the affair reached a climax a month ago when a committee of deacons waited upon Rev. Dr. Shepherd and requested him to stop scolding and censuring members of the congregation from the pulpit. The pastor stated that he refused to be bullied, and promptly handed in his resignation, to take effect at the option of the board.

Until yesterday's meeting the resignation remained on the table. The meeting was not attended by the full membership of the church board and it required more than two hours for the deacons to reach a decision in the matter. The resignation is to take effect on February 1.

"FRAT" MEN NOW ARE  
AT WAR WITH THE BOARDHOSTILITIES  
HAVE OPENED

Robert Patterson is One of the  
Leading Spirits in the  
Battle.

BERKELEY, Jan. 23.—Hostilities have already been precipitated in the warfare between the "frats" and the board by Robert Patterson, of the Sigma Phi Upsilon, and Paul Bartlett, of the Sigma Chi.

These two fraternity members defied the Board of Education by accompanying the high school basketball team to Stockton Saturday night and playing in the game with the Stockton high school. Yesterday the boys returned to school and again took up their studies as though the board had never declared itself.

"What will Principal James do? What will the board do about it?" are the questions that are being asked. The first gun has been fired by the fraternity forces without drawing the immediate fire of the enemy.

The attention of Superintendent Waterman within the last few days has been called to the existence of a fraternity in the McKinley grammar school. The name of this society is the Phi Kappa Chi and its members are between twelve and fourteen years of age. They feel that they are

not affected by the ruling of the Board of Education but it seems certain that means will be adopted by the board to do away with this and many in secret societies. It is understood that Principal Biedenbach, of the McKinley grammar school, is strongly opposed to the existence of the Phi Kappa Chi.

Grand President Percy Goodman of the Phi Delta Kappa, whose home is in San Jose, has volunteered to furnish \$2,500 toward paying the expenses of the fraternity of the high school should agree to carry on a legal fight. He will visit Berkeley this week.

LOSES FINGERS  
OF RIGHT HAND

J. V. Elliott, a Berkeley Contractor,  
Meets With a Painful  
Accident.

BERKELEY, Jan. 23.—J. V. Elliott, senior member of the firm of J. V. Elliott & Co., contractors and builders, on Shattuck avenue, met with a painful accident yesterday afternoon while assisting with the repairing of a saw at his shop, which was out of order.

The accident cost Elliott all four fingers of his right hand. He was very near loss of blood when taken to the office of Dr. Woodson Allen for medical attendance.

IMPROVEMENT  
OF STREETS

Proposition is Discussed at a  
Meeting of the Berkeley  
Trustees.

BERKELEY, Jan. 23.—Street proceedings and improvements of various kinds relative to streets of the city occupied the attention of the Town Trustees last night.

The Ashby Improvement Club in a communication that was referred to the Street Committee asked that a sidewalk be laid on the north side of Ashby avenue, thence west to the east line of Newbury street, and also that a sidewalk be constructed on Deakin and Russell streets. A second petition asked that new electric lights be placed at the corner of Shattuck and Oregon; Adams and Stewart; and at the corner of Shattuck and Stewart be discontinued. This was referred to the Light Committee.

The offer of Anson Blake to sell to the city a lot on Dwight way, just west of Crook street, was accepted by the Trustees. The lot, which has a frontage of forty feet, has been rented by the city for a water tank location. The price of the property will be \$850.

A contracting company was given permission to lay cement sidewalks on Derby street between Shattuck and Telegraph avenue where not already laid.

The tangle over the opening of Nelson street will now be unraveled. The following communication from the City Superintendent of Streets, in regard to the matter, was referred to the City Attorney for his opinion. "In the matter of opening Nelson street, I would recommend that the Town Attorney be asked to render an opinion as to whether assessments should be made on the property to be applied to a future proceeding that may be taken in the matter of opening Nelson street, or whether the money paid will have to be refunded. It is a matter of interest to the property owners as the sum of \$2,500, which has been turned over to the Town Treasurer by this office, I would also respectfully call your attention to the matter of Bristol street opening. Contemplation of opening Bristol street has been commenced in the matter of acquiring title to the only piece of land not already deeded and as the matter has been pending since June 16, 1905, and further delay in the matter of opening Bristol street, it is in an injustice to the parties who have been waiting for the street to be opened; furthermore, the opening of this street is urgent in order that sewer facilities be provided from Sacramento street westerly along said Bristol street.

In a communication to the Board of Public Works, the Board of Improvement requested that more street signs be placed at crossings throughout the city. Members of the Board notified Superintendent of Streets Turner that the Board several weeks ago \$300 had been appropriated for street signs and that the money was now available for that purpose.

NEW SIDEWALKS.  
On recommendation of the Street Committee sidewalks on the following streets were ordered laid: On south side of Virginia, "street from Oxford to Arch street; on north side of Forest avenue from College avenue easterly; on west side of Washington street from Dwight way to Garber street; on west side of Piedmont avenue from Forest avenue northerly; on the east side of College avenue between Parker street and Russell street; on the south side of Garber street between College avenue and Piedmont avenue; on both sides of Street street from College avenue to the west line of Kelsey street; on east side of College avenue between Dwight way and Russell street; on south side of Oregon street between Regent and Leroy avenues. It was also recommended that Prince street be opened from Baker street west to Mabel.

A petition was received from J. Clem Arnold, asking for a sewer on the south side of Oregon street between Telegraph avenue and Regent street.

F. W. Klein and others petitioned for an electric light at the corner of Hildreth and Leroy avenues. Orville Moore petitioned for a sewer in Parker street, between Sacramento and California streets. R. F. Hughes asked for a four-foot board sidewalk on the west side of Tenth street to extend 168 feet from Grayson street.

STREET COMMISSIONERS.  
Messrs. Thorburn, Hughes and Short were appointed commissioners for the opening of Hildreth avenue from Ashby to Webster street.

STREET IMPROVEMENTS.  
Resolutions of intention were passed as follows:

To open Regent street from Ashby to Woolsey street.

To open Grant street between Addison street and University avenue.

To open Nelson street from Hopkins street to north boundary.

To open a cement walk on south side of Berryman street between Bonita avenue and Josephine street.

For a cement walk on the north side of Virginia street between Grant and Grove streets.

For a cement walk on both sides of Delaware street between Seventh and Eighth streets.

For a cement walk on the east side

POET CHARLES KEELER  
TALKS ON IMMORTALITYQUESTION AN  
IMPORTANT ONE

"Profound Subject That Touches  
Human Existence," Says  
Speaker.

BERKELEY, Jan. 23.—"Immortality" was the theme of an address last night in the Philosophy Building by Charles Keeler, the poet.

Dr. McTaggart of Princeton recently wrote a book of "Immortality," and this formed the basis for the discussion. Poet Keeler said:

"Persistence of identity is the basis of the general conception of future existence. The view that finite self exists for some divine purpose does not of necessity entail a belief in immortality, because the finite self might with reason be supposed to cease to exist when it had fulfilled its purpose. But the form of future life that does not carry with it enough of this life's characteristics to make it recognizable can scarcely be comprehended as a persistence of identity."

Keeler declared the question of immortality "the most important and profound subject that touches human existence." He regarded Dr. McTaggart's book as unsatisfactory because it seemed merely to "let in a little light through a crack and then to slam the door in our faces." Keeler said that "in the natural sciences humanity is approaching nearer and nearer to something like an actual analogy between the physical and the spiritual. Men have recently discovered he declared, many manifestations which their senses did not perceive until the effect of something else was seen. He referred to the possibility of the existence of "spirit beings that can perceive many things that we cannot."

His idea of angels was not, however, that embodied in the old camp meet-

CHARLES KEELER.

ing song: "I want to be an angel, and with the angels stand; a crown upon my forehead, a harp within my hand." Keeler's idea of immortal existence and of future happiness involved work and striving.

Professor Howison spoke briefly, making reference to a statement of Dr. F. S. Wrinch's, who earlier in the evening had quoted with apparent approval Clever's words: "It were better to be mistaken with Plato than to be right with those who deny immortality."

Professor Howison declared that a professor of philosophy should not talk thus: "If Plato was mistaken, that two and two make four, according to Professor Howison, the allotted seventy years is not sufficient for man to realize his aspirations. He said that he believed that the fact of future existence was established as firmly as the assertion that the sun will rise tomorrow."

The subject of "Pre-existence" will be discussed by the Philosophical Union on February 15. Professor Howison will read the principal paper.

PROFESSOR IS  
TAKEN TO TASK

College Daily Criticizes Educator  
for Dismissing Three  
Students.

BERKELEY, Jan. 23.—Professor A. C. Miller, the head of the department of economics at the university, created a sensation yesterday by announcing that three students who had repeatedly entered his classroom late had been dismissed from his course.

Because these same three were late last Friday Professor Miller dismissed the entire class for the day. The college daily takes the learned professor to task in the following words:

"A lecture in one of the regular university courses was not given Friday morning because three of the students came late; and one of them slammed the door of the lecture room. Something over one hundred students were deprived of the pleasure of listening to the economics 1 lecture because three were late."

"Three out of one hundred is not such a bad percentage. We venture to say that the instructor in question has been as late as the office of Friday morning three out of a hundred times. We doubt, however, whether these tardinesses caused as much displeasure on the part of the students as the three of Friday did on the instructor."

TURPINS ARE  
LAID TO REST

Funeral of Brother and Sister is  
Held in Fruitvale This  
Afternoon.

ALAMEDA, Jan. 23.—The funeral of Frank Turpin and his sister, Miss Libby Turpin, was held at 2 o'clock this afternoon from the funeral parlors of Arthur A. Barber in Fruitvale. The services were attended by a large number of Alameda friends of the brother and sister who committed suicide.

That the financial troubles of the couple were fanned is shown by a bank book that was found in the home yesterday afternoon. There is \$2500 in the Alameda banks that the couple commanded. It was made the condition to finish their work on the Parkside apartment house. The property would have proved a paying investment and there are offers made for it already.

The coroner's inquest is to be held at one o'clock Thursday. The verdict will be the final chapter of the double crime. Whether brother or sister fired the two shots that ended their lives may never be known. The many persons who knew them here are strong in the assertion that they were demoralized the last weeks of their lives.

INJURIES ARE OF  
A SERIOUS NATURE

ALAMEDA, Jan. 23.—W. J. Jenkins, the Oakland Traction Company conductor injured in the collision between electric car No. 124 and a local train at the Parkside crossing at Lincoln avenue Friday, is doing nicely, but his injuries are quite serious and it will be some time before he fully recovers.

Dr. J. E. Clarke, who is attending Jenkins, reports that the patient has high temperature. The seriousness of his injuries are aggravated by the presence, at the outset, of dirt, grime and grease in the wounded knee.

Reports of the condition of Mrs. Carl Holmsten today are of an encouraging nature. The possible internal injuries have not made the situation so serious and the injured spine is responding nicely to treatment.

NEW FRANCHISE  
APPLIED FOR

Railway Would Run a Line on  
College Avenue in  
Berkeley.

BERKELEY, Jan. 23.—A franchise for an electric railway along College avenue, from the southern boundary line of the city to Russell street, having its terminus at the Hotel Claremont, was applied for at the night of the Board of Trustees last night.

Trustee Schach asked if franchise would be for sale to the highest bidder. Louis Titus, who represented the railway company before the board, explained that a portion of the railway would be outside of the city and that it was asked for under the general State law, and therefore would not be for sale to the highest bidder.

Later in the evening Trustee Schach brought up the question of improved rails for the tracks running through the city. It was his opinion that the laying of "T" rails, he said that the laying of "T" rails was the cause of the ripping off of tires from vehicles.

President Rickard was of the opinion that grooved rails could not be used with success along macadamized streets as the grooves would soon fill with dirt and rock from the street. The franchise was finally referred to the city attorney. The city engineer was instructed to investigate the question of rails.

ODD FELLOWS  
ENJOY DANCE

Social Time Follows a Business  
Meeting at Town of  
Pleasanton.

PLEASANTON, Jan. 23.—The Odd Fellows held away here Saturday evening until a late hour. At 8 o'clock Mt. Diablo Encampment, No. 97, met in the I. O. O. F. Hall, and the principal business was the conferring of the Patriarchal degree by the local degree team, which won high praise for the manner in which the work was done. While this was being done, a dance was going on at Nevis Pavillion, and to this the encampment adjourned at the conclusion of their work.

Upon their arrival, a joint public installation of Mt. Diablo Encampment of Pleasanton and Niles Encampment of Niles was held. The installing officer was District Deputy Grand Patriarch C. Letham. He was assisted by other grand officers. Grand Patriarch Charles H. Burden was present and gave an interesting address.

The officers-elect of Niles Lodge are: C. P. J. E. Jackson, senior warden; P. A. Ellis; scribe; J. E. Jacobsen, junior warden; Pergus McKenna. Those of Mt. Diablo Encampment are: High priest, H. A. Sinclair; C. P. J. H. Neal, senior warden; S. J. Wells; junior warden; T. H. Silver; scribe; C. Letham.

District Deputy Letham is mentioned as a possible candidate for grand warden at the next grand encampment.

A banquet was served at the conclusion of the installation ceremonies, at which about 200 Odd Fellows and their friends were present. The installing officer was District Deputy Grand Patriarch C. Letham. He was assisted by other grand officers. Grand Patriarch Charles H. Burden was present and gave an interesting address.

### AT LOCAL TRACK

By LEE DEMIER.

The Family Club Handicap, for three-year-olds and upwards, with a guaranteed value of \$5,000, at one and one-quarter miles, is a feature event which will attract the cream of handi-cap division now training at Williams Park. Handicapper Horace Egbert, who is the shining light of the Family Club, will do his utmost to bring together the best thoroughbreds at the weights. This important classic will be decided on Saturday, February 16. The racing card yesterday, although not of the classiest variety, proved interesting. The fields were large and well balanced, and outsiders divided honors with first choices in capturing the purses.

The fifth event brought out a clever bunch of sprinters and in the curtain-raiser a number of speedy babies made their initial appearance.

Jack Keene's chestnut gelding Recourer made a show of his field in the opening race, a dash for males two-year-olds. The son of Toddington closed at even money and simply outdistanced the wire, lengths to the second, Billy Watkins, under the post and took the money from Braggart. The latter ran a good race for his first out.

Warts Night finally ran his race. Closing at 8 to 1 in the betting, and getting away well and without a hitch, he worked his way to the front at the stretch, turned in from there on romped home by five lengths. Alice Carey did her prettiest and posed out the fastest time, George P. McNeer for the place.

BOGUM, the 9 to 10 favorite, captured the one-mile dash. The bay gelding was away well and without a hitch, but at the end, won easily from Joyful. The latter had a word of speed but tired at the end and allowed the small end of the purse.

Orchard, the second choice, was away from today and all little Baggie Davis had to do was to sit to win by himself. Isabella came to life and at 15 to 1 a place best out of the race. The bay gelding, the 9 to 10 favorite, made a dismal showing—did not seem to be able to untrack him.

Van Ness went to the front and smothered his field with speed in the sprint for three-year-olds and up. The black gelding just failed long enough to beat out the fast coming Magrane. Nollie Lucille, in the deepest going all the last part dropped into the show.

Blagg, settled in the going and well ridden by little E. Dugan, won the final race in a romp. Indicated at a single pace for a while, but dogged it badly at the end, lasting long enough to hold place money safe from Miss Officious, the heavily backed choice.

C. C. McCafferty was ill with a severe cold yesterday and did not put in an appearance at the track.

Little E. Dugan put up a Garrison finish on Blagg, which won the race for the Lee & Son's horse.

Instructor, with Horner in the saddle, ran a grand race and with an even break would have beat Blagg for first honors in the six furlong dash.

Miss Officious gave the talent an awful time, she failed to annex the closing race.

The jungle element, headed by Tob Hammer, took to the ring when Orchard ran away with the mile and a furlong affair.

The Oakland bunch, headed by Jack Crane, took some solid amounts out of the ring on Isabella's place.

Nine Spot, a place, was where the wise set went wrong.

The next big thing will be the Family Club's Handicap.

Lone Wolf, Watercourse, Inflammable and Lella Hill side-stepped the mile and a furlong race yesterday.

Lord Stanhope has no stake engagements at Ascot Park.

Barney Schreiber's Joe Carey is a candidate for the Ascot Derby, which is to be run February 22.

Theodore Cole is schooling C. C. Smithson's five-year-old brown gelding, Hypon, over the jumps at Benning's.

C. H. Ganson of Urbana is at the head of the horse department of the Ohio State fair which is to be held at Columbus this year.

Magrane appears to be a greatly improved horse under the handling of "Frisco" Hoag, his new owner and trainer.

It is said at Lexington, that Con J. Enright, the former owner of Elmendorf Stud, may re-engage in the breeding of thoroughbreds.

H. Filippen has a string of eighteen horses at Scottville, Va. they are nearly all jumpers and will shortly be transferred to Benning's.

P. M. Clivil announced the other day that he will retire from the racing business and will offer his entire stable for sale at auction. Orly, Bill Phillips, Dr. McCafferty, Foreigner, Safety Light, Hamard, Sister Lida, and Doubt are among the horses to be sold.

The Whitney Memorial Steeplechase and the Belmont Stakes will be the features of the card at Belmont Park Decoration Day, May 30.

In making public the racing dates for the coming season the Jockey Club stew:

**\$4100** Easy terms, on the southeast corner of Twenty-fourth avenue and East Twentieth street, just completed, are five of the most desirable homes for the money that we know of. They are fully modern and up to date in every way. Rooms are all large and well arranged. Paneled dining rooms, built-in china closets, brick mantles for either coal and wood or gas log. Laundry, latest plumbing throughout. Lots are of good width, giving good space between houses. No two houses alike. Corner, seven rooms, is offered at \$4750. Two inside houses have just been sold, other two offered at \$4100. Each, on terms of \$650 down and \$35 per month. Monthly payment includes interest. Remember they are ready to occupy and only three left.

**\$4100** Good 1½ story house on Twenty-first street, between Linden and Chestnut; could be made into two flats, ground 50x90 feet, with lawn and palm trees; 1½ blocks from Key Route station and three blocks from Market street. This is a very cheap property and on account of its location will rapidly increase in value. With little expense it can be made to pay big income. Will rent for \$40 as it is.

**\$2800** Very attractive new four-room bungalow in East Oakland, best plumbing, bath room, large pantry, plenty of closet room, gas and electricity; lot 40x100 feet in a desirable neighborhood.

## CONTESTANTS GAIN VOTES FOR TRIBUNE'S PRIZES

Time Is Brief and All Those Entered Are  
Striving Very Hard for the  
First Place.

There is but one week more of double voting, then the certificates issued on every yearly subscription to the Tribune paid in advance will be good for only 1000 votes.

The time is brief, and it behooves each and every contestant to get in and do their best in the matter of securing coupons and votes during the double voting period.

No doubt some of the contestants are away behind the leaders, and by circulating actively among their friends they will undoubtedly be able to secure at least three or four paid-up subscriptions and with each secure a certificate good for two thousand votes.

### ARE CLIMBING HIGH.

Miss Mable McCutcheon and Miss Laura Jorgensen have climbed into the five-figure row. Miss Jorgensen has held first place for quite a while, but a good, hard tussle is promised her by Miss McCutcheon, who held first place yesterday, and Miss Lillian Graham, who says that she is in the race to win and will be ahead at the final count.

E. P. Doty, H. J. Edward and J. E. Bray, of the popular union men, are turning time into votes and promise to make the race interesting for each other.

This race has already developed a dark horse in the person of A. E. Taylor, who is working for the top with a good letter of 8000 votes.

### LETTER CARRIERS PLEASED.

The letter carriers of Oakland, contesting for the \$750 building lot as first prize, are well pleased with the second and third prizes of a \$100 gold watch to the candidates who poll the second and third highest number of votes.

Mr. Willie has been on the sick list for about two weeks and consequently fell behind the two leaders a few thousand votes, but has with a redoubled effort succeeded in coming back to his old stand near the top.

### TEACHERS' TUG-OF-WAR.

The trips to Honolulu and the City of Mexico have developed into a good tug-of-war among the several popular teachers who are each doing their best to win one of the prizes and make the round trip to either city at the expense of the Tribune.

## SHORTEN HOURS OF THE POLICE

Berkeley Trustees Order Change  
on Recommendation of the  
Chief.

BERKELEY, Jan. 28.—Eight hours in twenty-four will constitute the working day of the Berkeley police force hereafter. At their regular meeting last night the City Board of Trustees ordered this change on the recommendation of Chief Vollmer. The shortening of the hours will require the appointment of nine additional policemen. Chief Vollmer was authorized to make the necessary appointments, and will hold a public examination in the near future for the purpose of securing men.

Before passing on Vollmer's recommendation, Trustee Connor called attention to the fact that the appointment of the nine additional men would entail a monthly outlay of \$700. Trustee Ferrier thought that five more policemen might be enough to permit of the shortening of hours.

"We are increasing the number of electric lights; we have installed a costly police alarm system, and the fire department and interest on the city bonds must be kept up," said Trustee Connor, "so it is up to the Board to see that expenses are kept down. While I will recommend that the additional men be granted and the hours of the policemen shortened, it will be on the condition that we may cut down the number of policemen at any time we may see fit."

Chief Vollmer stated that most of the policemen would be used for night duty.

"It is at night that the policeman is especially valuable," said the chief, "for it is then that he is not only on the lookout for housebreakers, but for fires in both the residence and business sections."

After Vollmer's recommendation had been carried, Trustee Fawcett called attention to the fact that the last time an examination was held for the selection of policemen, but seven men presented themselves for the test and but five of them passed.

On the recommendation of Chief Vollmer, William J. Miller was appointed to the police force to fill the place of H. S. Gilbert, dismissed. Benjamin Gage, a special officer, whose duties were to preserve the peace and guard property on the University grounds, presented his resignation, which was accepted by the Board.

## YOUTHS APPEAR IN JUSTICE COURT

ALAMEDA, Jan. 28.—Joseph Perry and Antonio Martin, each 16 years of age, who are accused of petty larceny, appeared before Justice Tappan this morning to answer their charge. The boys were arrested on complaint of a Japanese who alleges they stole his bicycle. The case as continued until Friday morning.

## P. V. BARRETT TO VISIT PORTLAND

P. V. Barrett, who has charge of the cloak and suit department of the J. A. Joyce dry goods house, leaves on Thursday evening for Portland, Oregon, to be present at the nuptials of his daughter, who is to be married next month to J. C. Callif, one of Portland's best baseball pitchers. Mr. Barrett is well-known in the northern coast cities, and while away he will visit all the principal towns in Oregon and Washington. He will be absent about three weeks.

## STEEL PASSENGER CARS.

Building passenger cars out of kindling wood and then setting them on fire while they are full of human beings is not a pretty performance. If the railroad companies do not enjoy killing people who patronize their lines let them prove it by proceeding to supply themselves with steel passenger cars, which will neither smash up nor burn up.—Chicago Daily News.

## IMPORTANT ANNOUNCEMENT

The official map endorsed by the Board of Supervisors of Alameda county showing all the latest subdivisions and lines of transcontinental and street railways, will be ready for delivery about March 1, 1907. No official map has been issued since 1902 and the important developments in Alameda county since that date renders this map an invaluable guide for all mercantile, industrial and real estate interests.

This splendid wall map, measuring about six feet square, will be sold at the nominal charge of \$10 each. What it is known that the official map of Berkeley is selling at \$12.50 a copy, this charge appears to you as unusually small.

As a limited number will be printed, reservation should be made at once. TRIBUNE PUBLISHING CO.

## NEWSPAPER MAN PASSES AWAY

Henry A. Newberry, one of the best-known newspaper men in Oakland, passed away at 7 o'clock yesterday morning at the home of his aunt, Mrs. A. D. Richardson, 2310 San Pablo avenue. Mr. Newberry was 40 years of age, and had been a sufferer from consumption for many years. He worked last week until Friday, but was very weak on that day. Saturday he was too ill to leave his bed, and Sunday he took a turn for the worse. His death was not expected. Despite his patient and cheerful, and was always a conscientious worker. Everyone who knew him liked him, and he will be greatly missed. A native son, Mr. Newberry at an early age began work as a printer and later took up reportorial work, in which he proved himself especially capable and efficient. The funeral will be held at 1 o'clock tomorrow afternoon from Taylor's undertaking parlors.

## EDWARD B. HOLMES DIES IN ALAMEDA

ALAMEDA, Jan. 28.—Edward Blives Holmes died this morning at his home 912 Para street. Mr. Holmes was a resident of this city for twenty years and was the father of Mrs. E. J. Lion, Mrs. F. M. Haslett, Edward L. and Robert J. Holmes. For a number of years he was a broker in San Francisco, but of late he had been leading a retired life. He was 71 years of age, and a native of Georgia.
